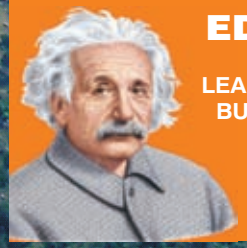
Hilltopian Advantage

On a campus spread over 12 acres, Dalhousie Hilltop is a place where our boarders can feel "at home" at the end of the school day, in a space that is their own yet shared with other students. By living where they learn, our boarders develop a strong sense of responsibility, teamwork and accountability along with consistent study habits and time management.

We have the reputation of turning out impressive young adults. To us, every child is an individual. We know them better than they know themselves. Our outstanding academic program is a hybrid of proven teaching techniques from various parts of the world.

Our exceptional pastoral care, our nurturing staff provides an extension to the child's life, value systems, and overall education.



EDUCATION
IS NOT THE LEARNING OF FACTS, BUT THE TRAINING OF THE MIND TO THINK.

-Albert Einstein

5 KEY BENEFITS OF A BOARDING SCHOOL EDUCATION

Dalhousie Hilltop School

Inspiring Minds. Instilling Values.

Award Winning CBSE Boarding School

Leadership is not something you are born with, but rather something every person can acquire over time through hard work, self-discipline and selflessness.

SELF RELIANCE

Hilltopians quickly learn how to perform many domestic chores and complete school assignments by themselves. They become experts at managing their time, money and resources. These students mature quickly & tend to be very independent and successful in college and life.

CHARACTER DEVELOPMENT

Hilltopians are known to graduate with exceptional character and demeanor. They reside in a community where traits such as honesty, respect, and hard work are valued and emphasized. These students have a moral advantage.

ALTERNATIVE ACTIVITIES

Hilltopians are exposed to a wider range of activities to broaden their learning and develop their personality. They may participate in common sports and activities such as cricket, basketball, table tennis and music, dance etc. or less conventional ones such as public speaking, model united nations, martial arts and shooting range.

FLUENCY IN ANOTHER LANGUAGE

Students whose first language is not English will become fluent in a few semesters through language immersion. After being in our school for at least 3 years, the students are totally bilingual and possess the valuable skill that gives them a significant advantage in both the domestic and international workforce.

FEWER DISTRACTIONS

Hilltopians can focus better on their studies because television, video games, phones and other distractors are limited. These young scholars usually perform better academically because they live in an environment that is conducive to learning and tend to be very independent and successful in college and life.

- Hilltop education is based on a hybrid model of teaching, with small informal classes and personal, individualized learning.
- A programme of learning is devised for each individual student that reflects career aspirations, as well as personal interests and ability.
- Our class sizes are small for optimum learning and to encourage student-teacher interaction.
- We combine a traditional, well-balanced curriculum with a modern and unique approach to learning.
- We embrace the mind-set of global citizenship.

1979
INSPIRING MINDS. INSTILLING VALUES.
DALHOUSIE HILLTOP SCHOOL

Every student at Hilltop is expected to challenge themselves both mentally and physically, to learn to work together as a team skill. The key is to push themselves beyond preconceived limitations .

- We provide challenging and in-depth study as preparation for entrance to top universities domestically and abroad.
- Our boarding with its strong focus on pastoral care and student welfare, ensures there is a balance of academic study alongside recreational and social activities.
- We are located in the Himalayan mountain range and are surrounded by magnificent mountains and pine trees – a pristine environment, the location is a haven for learning.
